CARESTREAM HEALTH, INC., a Delaware corporation, its successors or designees, (the "Company") has requested that the Agency assist in a certain project (the "Project") on floors 2, 4 and 6 of a building located at 150 Verona Street in the City of Rochester, New York. The Project shall include, but not be limited to, the demolition and removal of existing internal structures, partitions and furnishings. Additional plans include updates throughout the entire space including installation of new data cabling, construction of new offices, purchasing new office equipment, enhancing lighting, paint and wall covering replacement and new flooring together with upgrading the electric utility service for the Company's global data center on the 6th floor of the building (the "Facility"). The Facility will be initially operated and/or managed by the Company.

The Agency will acquire an interest in the Facility and lease the Facility to the Company. A copy of the Company's application, containing a cost/benefit analysis, is available for inspection at the Agency's offices at 8100 CityPlace, 50 West Main Street, Rochester, New York 14614 during normal business hours, Monday through Friday, and will be available for inspection and review at the above-scheduled Public Hearing.

The Agency will at the above-stated time and place hear all persons with views in favor of or opposed to either the location or nature of the Facility, or the proposed financial assistance being contemplated by the Agency. In addition, at, or prior to, such hearing, interested parties may submit to the Agency written materials pertaining to such matters.
